# EasyPoE Series

NEMA-Rated Indoor/Outdoor Enclosure w/ Integrated PoE Switch

## Overview

EtherWAN's EasyPoE Box Series is an integrated solution that combines a managed PoE switch, splice tray, power supply, and a DIN-rail for accessories, all in a single, secure, NEMA-rated cabinet enclosure. Equipped with up to 4 gigabit PoE ports that provide from 15W up to 90W output per port using the latest IEEE 802.3bt technology and 2 uplink ports, the smart camera box series provides the power, time-saving design, and convenience to support a wide variety of applications including surveillance, LED lighting, and other networking applications.

# Highlights

## NEMA-Rated Indoor/Outdoor Design for Non-Ventilated & Harsh Environments

Wide operating temperature -40 to 70°C (-40 to 158°F)
Fanless design
Weather-resistant, anti-corrosion, and vandal-resistant design

## Time/Cost Saving Features

Integrated splicing tray for safe fiber connection storage
Adapter for wall and pole mounting
Preinstalled bulkheads for cable connections and DIN-rail for additional devices/accessories

## Smart PoE and Power

Futureproof with 90W/port and backward compatibility with all PoE protocols (60W/30W/15W)
PoE watchdog monitors status of connected PoE devices
Built-in power supply and surge protection with auxiliary DC power output

## Support

Complimentary technical support
Free firmware upgrades and notifications
Limited lifetime warranty
